Position title: Electro Mechanical Technician (Millwright)

### Company profile

Corruven is a technology company specializing in the manufacture of products for the architectural and packaging markets. Our goal is to put together a strong team of leaders with a view to building a better world by means of game-changing innovation. We help our clients to reduce total costs, diminish their environmental footprint, reduce logistical costs and create new growth opportunities. Corruven's Electro Mechanical Technician (Millwright) employees report to the team leaders, as well as to the Director of Production.

### Responsibilities

#### ✓ Responsibilities

- Electro Mechanical Technician (Millwright)
  - Read and interpret blueprints, schematics and detailed repair drawings to construction equipment and machinery
  - Dismantle and repair machinery or equipment when required for repair or transportation and reassemble it at the appropriate time.
  - Move equipment to appropriate site for repair or maintenance to avoid contamination or workplace safety hazards
  - Align and calibrate machinery and equipment parts as required for efficient and safe operation
  - Grind and file machinery parts both on-site and in controlled circumstances
- Work environment
  - Set up machines (calibration, cleaning etc.) to start a production cycle
  - Control and adjust machine settings (e.g. speed)
  - Feed raw material or parts to semi-automated machines
  - Inspect parts with precision and measuring tools
  - Test operation of machines periodically
  - Fix issues that might occur during the shift
  - Check output to spot any machine-related mistakes or flaws
  - Keep records of approved and defective units or final products
  - Maintain activity logs
  - Help foster a positive work environment with the team

### Personal qualities and skills

- Adherence to health and safety regulations (e.g. constant use of protective gear)
- Ability to read blueprints, schematics and manuals
- Analytical skills
- Attention to detail
- Teamwork and communication skills
- Physical stamina and strength

### Desired experience

- Manual labour
- Journey Level millwright state certification required
- Extensive knowledge of construction equipment and machinery
- High school diploma/GED required

How to submit an application: if interested, please contact Stephane Nadeau by phone (506-801-9141) or email ([stephanen@corruven.com](mailto:stephanen@corruven.com)).
