Students must receive no lower than a 2.0 in all courses of each level. To advance to the next level, students must receive an overall GPA of 2.0. in an 8-week session studying full-time.

Students at the beginner level can successfully attain advanced level English skills in one-year when passing all levels successfully!

Please note: Students are required to participate in the intensive program and successfully complete an 8-week session if they wish to receive a Certificate of Completion and to advance to the next level.

Individual Instruction in English and Test Preparation

AEI provides individual tutoring and one-on-one instruction in:

Please ask the Student Services Coordinator for a form to receive the form.

ACADEMIC POLICIES

Attendance Policy

Attendance is essential because we feel that students will not learn English if they do not attend class; English skills will only improve if the student attends class on a daily basis. Although attendance is not part of the grading criteria, grades are affected by too many absences and missed assignments.

Absences: There are no excused absences—if the student is not present in class, they will be marked absent. Attendance is mandatory.

Tardiness: Students that arrive to class after the official class start time will be considered late.

For F1 students: you must maintain good academic standing as a condition of your F1 visa. To do so, you must pass the level with a minimum 2.0 GPA and have a minimum of 80% attendance in a session.

Classroom Expectations

Students must:

- Be respectful of their peers and instructor(s).
- Show respect for the property of others and school property.
- Pay attention in class. Students may not sleep during class.
- Use quiet voices when in the classroom, student lounge, and while walking in the hallways.
- Raise their hand if they have a question or if they need to use the restroom. Other Classroom Policies:
- Running is not permitted.
- No inappropriate language or profanity in any language.
- Trash or other waste items must be placed in trash cans.

Homework

- You are required to complete all assignments.

- Assignments are to be completed legibly, neatly, and completely, or points may be deducted from any given assignment, or the assignment may not be graded.
- Homework is due on the announced date at the beginning of class, and all assignments should be completed and prepared to turn in at the beginning of class, NOT during class.
- Late work may be accepted once assignments have been graded and returned to the class with the consent of the instructor.
- Points may be deducted for late work.

Use of Electronic Devices

- The use of cell phones and other electronic devices is prohibited during class and labs as it is disrespectful and a distraction to your instructors and other classmates. Unless expressly approved by the instructor and/or administration, please turn off all electronic devices. This includes cell phones (texting is not permitted), pagers, MP3 players, iPods, laptops, game devices.

In Danger of Failing Notice

Students must have a minimum C- in each class to pass the class and a minimum 2.0 overall grade point average to progress to the next level. Students in danger of failing are informed during the session at the earliest point when failing grades warrant action.

Cheating

- Cheating and plagiarism are forms of academic dishonesty. "Plagiarism" is the use of ideas, language, images or work of another without sufficient reference to show that the material is from another person.
- If a student is caught cheating at any time, the instructor may give the student a zero and contact the appropriate person about the matter.
- This can cause the student to fail and be put on academic probation.

Honesty and integrity are fundamental values that guide and inform us as individuals and as a community. The culture of academia requires that each student take responsibility for learning and for producing products that reflect their intellectual potential, curiosity and capability. Students must represent themselves truthfully, claim only work that is their own, acknowledge their use of others' words, research results, and ideas, using the methods accepted by the appropriate academic disciplines and engage honestly in all academic assignments. Anything less than total commitment to honesty circumvents the contract for intellectual enrichment that students have with American English Institute to become an educated person, undermines the efforts of the entire academic community, and diminishes the value of an education for everyone, especially for the person who cheats. Both students and faculty are responsible for ensuring the academic integrity of AEI.

Misunderstanding of the appropriate academic conduct will not be accepted as an excuse for academic misconduct. If a student is in doubt about appropriate academic conduct in a particular situation, he or she should consult with the instructor in the course to avoid the serious charge of academic misconduct.

Plagiarism and cheating include:

Copying either sentences or whole paragraphs from the internet and pasting them into assignments as if the student wrote them.
 Having others write their papers or do their homework
 Looking at another's tests to get answers or asking another student for answers
 Bringing in answers to a test

Student Code of Conduct

American English Institute is committed to ensuring a welcoming, safe and civil environment that is conducive to students learning. The administration strives to foster a free and open exchange of ideas and opinions for all members of its community - the staff, faculty and students share in the responsibility this. As such, students are expected to be respectful toward their colleagues, their instructors and the staff at American English Institute. No violence, profanity, possession of weapons or destruction of property will be permitted. All students are expected to abide by the standards of conduct presented by the Institute as well as to observe national, state and local laws. Any breach of this conduct should be immediately brought to the Director's attention.

Student Complaints

We welcome students' feedback regarding all aspects of our program. If you have problems or complaints about teachers, staff, classes, grades, housing, or services or if you have any suggestions for improvement, you may speak with the Director at any time. If you prefer, you may also complete a Student Complaint Form at the front of the office. Please give this form to any staff member. After we receive your complaint, we will meet with you to discuss the problem and try to resolve the issue. Your feedback is important to us and we use it to improve our program.

Change of Address

If you change your address while studying in the U.S., it is your responsibility to inform American English Institute.

To inform American English Institute of your new address:

- Complete a "Change of Address" form

An updated address is necessary to receive grade reports and certificates or other correspondence.

Notice to Withdraw

If students choose to discontinue a session, they should:

- Complete a "Notice to Withdraw" form
- Let the director know
- Ensure their address is up-to-date and that we have their correct home country address, e-mail, and phone on file

Academic Probation

A student will be placed on academic probation if he/she fails to receive a passing grade of 70% in any class and/or or a minimum 2.0 overall GPA) at the end of the session. The student will be informed of their academic probation status on their grade report.

Being on academic probation at the end of the session requires the student to retake the same class level that he/she failed to pass in the subsequent session if that level is being offered. If a student has not passed a level and that level is not being offered the following session, students may be placed in the next higher level or lower level. Students will be required to pass the next level with a 70% (2.3 overall GPA) to continue in the next level without having to retake the failed session.

If the student wishes to file an appeal, the student must do the following:

1. Turn in a written appeal to the Director within 5 business days of the Academic Probation Notice.
2. Provide any substantiating documentation, if available and relevant.

The institution will make a decision and notify the student in writing within 3 business days from receipt of the notice.

Reasons for Dismissal

For F1 students:

- Failure to meet minimum attendance requirements is a reason for dismissal
 - Failure to make satisfactory academic progress as outlined in academic probation
- For all students:
- Failure to pay
 - Aggressive or threatening behavior
 - Acts of violence

Change Of Level Request Policy

Student Appeal: A student dissatisfied with his/her class level may file an appeal with the Director to request a change of level. The Appeal must be on the "Request to Change Level-Student" form and filed within three days from entering the class.

Instructor Appeal: An Instructor that believes a student is not a good fit for the particular class/ level taught by the Instructor may file an appeal with the Director to request the student be transferred to another class. The Appeal must speak to the Director.

If student is requesting a class change to a higher level than the assigned class, the student's rationale should delineate why he/she believes that he/she is ready to advance an additional level. The student's current instructor, prospective class instructor, and Director must concur to this class assignment. The student and/or Director may also request for the student to be retested to verify his/her ability to advance.

If the student is requesting a class change to a lower level than the assigned class, the student's rationale should delineate his/her reasons for entering a lower level. This would require the concurrence of his/her present instructor, prospective class instructor, and Director.

If the student's current instructor requests for the student to be transferred to a higher or lower class level, the instructor should document the reasons for the level advancement or regression. The student, prospective class instructor, and Director must agree with this transfer.

Admission Requirements

Students whose first language is not English may enroll in the Intensive English Program to improve their English skills in reading, writing, speaking, listening and grammar. Students aged 16 and up are admitted to the Intensive English language program. Students aged 14 and up may enroll during summer months during their vacation periods. Students will be given AEI's English placement test as a requirement for admission to the Intensive English Program to determine admissibility and English placement.

Placement into AEI Levels

Students will be tested using AEI's placement test and placed in the appropriate level based on the placement test. Completion of other school's English program or other English proficiency tests the student may have taken prior to enrolling at AEI cannot be used for placement purposes.

Credits Earned at Other Institutes

The institute does not accept credits earned at other institutes. The school does not have articulation agreements with other institutes.

Credit for Experiential Learning

The institute does not grant credits for experiential learning.

English Assessment

Students' English is assessed using AEI's English placement test on the day of testing and orientation. The test is comprised of sections on reading, grammar, listening, speaking and writing and is administered according to the test's instructions. The test was developed by Pearson, an established publisher of ESL books. Each section is scored and leveled as determined by the score. The student's overall level is determined by an established formula taking into consideration the level of each skill section.

Language of Instruction

The language of instruction is English. Instructors are native speakers or near-native speakers. Language proficiency is assessed during the teaching demonstration and interview.

Federal or State Financial Aid

The school does not participate in federal or state financial aid.

Loans

If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund, and if the student has received federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal student financial aid funds.

Work Placement Service

The school does not provide employment or internship placement services. F1 students are not eligible to work in the U.S. while studying English. The Intensive English Program improves students' English skills, but does not make prepare students for specific employment classifications.

IMMIGRATION, VACATION, AND TEMPORARY ABSENCES

F-1 Student Visas

American English Institute is authorized under federal law to enroll non-immigrant alien students. International students who wish to study full-time in the Intensive English Program are required to study on an F-1 student visa. The institute will issue an I-20 form upon receipt of:

1. Completed AEI Application
2. AEI application fee of \$125
3. Copy of valid passport
4. Copy of a bank statement from the student's account or a sponsor showing a minimum of \$5500 for an 8week session.

Maintaining F-1 Student Status

Once enrolled, students will be registered as an ACTIVE student in SEVIS. Students must maintain their visa status by paying fees, maintaining good academic progress as shown by passing each level with a 2.0 overall grade point average and maintaining an attendance rate of 80% or above. Students that fail to maintain 80% attendance and/or a 2.0 GPA will be on academic probation the following session. Failure to maintain good academic progress may result in termination at any time during a session. Students that do not meet the 2.0 grade point average and maintain 80% attendance and request to be transferred will be transferred in terminated status. If students are on academic probation for three sessions in a row, they will be terminated in SEVIS.

Vacation And Leave Of Absence Policy

Vacation

To be approved for a vacation, the student must be in status and have paid his/her tuition. In addition, the student must be in good academic (80% or above attendance and overall GPA of 2.0). Students are eligible for vacation after studying continuously for 8 months (four 8-week sessions). Students on academic probation are ineligible to take a authorized break.

The student must also meet with the Director or Student Services Coordinator to fill out the vacation request form. Students are strongly advised to place a 4-week tuition deposit to hold their class placement when he/she returns from his/her vacation.

A student is permitted an annual vacation when he/she has successfully studied for a full academic year (8 months or four 8-week sessions which is the equivalent of 32 weeks).

The vacation may be taken up to a maximum of one 8-week session.

Leave of Absence (Temporary Absence)

An F-1 student that needs to return to their home country after a session may take an authorized temporary absence if they need to take time away from their studies due to an unforeseen circumstance while school is in session. When a student takes an authorized temporary absence, their Student and [Exchange Visitor Information System \(SEVIS\)](#) record must be set to [Terminated](#) for [Authorized Early Withdrawal](#).

Students returning to the United States to resume their studies after an authorized temporary absence will not need to renew their visa, if the visa is still valid. The [U.S. Department of State](#)'s policy is that a student does not need to apply for a new F-1 visa if the student's current visa is still valid, regardless of length of time outside the United States.

Students may be approved for a leave of absence if they meet the following circumstances as listed below.

- Student must be in-status and in good standing in his/her academics and attendance.
- Student has no outstanding balances and has paid all outstanding balances for the enrolled period.
- The leave of absence cannot be more than 5 months.
- The length and/ or frequencies of the leave of absence must not impede on the student's academic progress.
- If the leave of absence extends beyond 5 months, the student must reapply for a new F-1 visa and SEVIS record.

If the student has met the circumstances, the student must request for the leave of absence in writing along with receipt of evidence of travel (e.g. plane ticket) and address it to the Director. The Director will review, and approve or deny the request within 3 days of the receipt of the request.

STUDENT SERVICES

Housing

The following information may help you to decide which type of housing is best for you. While American English Institute places students in homestay, we are currently not able to place students in apartments and do not have dormitories. We can help students to find appropriate off-campus housing if students want housing other than homestay such as renting a room or finding an apartment; however, it is the student's responsibility to make these arrangements. The cost of apartments near AEI range from a room for rent for approximately \$800/month and up to one-bedroom apartments ranging from \$1200-\$1500/month and two bedroom apartments ranging from \$1500 -\$2400/month.

If you prefer to live with a host American family, you may wish to look into our homestay program. A homestay is arranged by American English Institute, which places students with compatible, pre-screened host families. Your living arrangements would depend on your personal preferences as well as those of the host family. The host family provides two meals per day (breakfast and dinner). Our students are provided with a private bedroom, and may or may not share a bathroom with members of the family. Homestay accommodations provide a unique opportunity for students to immerse themselves in American culture, and practice English outside of class through living with an American host family. It also affords the opportunity to make lifelong bonds.

BANKS AND MONEY TRANSACTIONS

Students are encouraged to open a bank account if they plan to be in the U.S. for longer than 6 months. It is safer to keep your money in a bank than to carry large amounts of cash with you. Students should not carry large amounts of cash. They should carry only what they need for that day.

There are three banks located within two miles of American English Institute:

1. Chase Bank, 1299 University Ave STE 105, Riverside CA 92507, (951)782-8805
2. Wells Fargo Bank, 3750 University Ave Ste 150, Riverside, CA 92501, (951)782-2670
3. U.S. Bank, 3625 Vine St, Riverside, CA 92507, (951) 512-1424

Checking Account

You will have a choice of several different types of checking accounts with different service fees. For example, you may get a reduced service charge if you use a small number of checks per month or no service charge if you are able to maintain a certain balance in your account. In addition, interest-earning checking accounts are available. Ask about the qualifications for this type of account. A checking account can be used to pay bills and provides a record of your payments. When paying for a purchase with a personal check, you will be required to present proper identification -such as a California Driver's License or ID card or Passport.

Please ask the bank representative for a student account so that you do not have to pay monthly fees.

Savings Account

All banking institutions offer savings account options. Savings and loan associations usually offer a slightly higher interest rate. The interest rates, amount of deposit and the length of time required for deposits vary with the different banking institutions. It is important to read the benefits AND requirements before opening a savings account. Some banking institutions will charge a fee for savings accounts while others do not.

Foreign Money Exchange

Foreign money may be exchanged at Bank of America. It is also possible to cash foreign checks, as well as international drafts and money orders at this bank; however, there may be a long waiting period to clear the money.

Traveler's Checks

Traveler's checks are sold at all banks for a fee.

HEALTH INSURANCE POLICY

Health Care in the U.S.

You may encounter a time when you require urgent medical attention. Please note that the U.S. does NOT have free medical care. It is very expensive. Please refer to the information below regarding local Urgent Care and Emergency Services. For any medical service, you must show proof of health insurance coverage or be prepared to pay for this service yourself.

AEI's Health Insurance Policy

If students do not have health insurance that covers them in the United States, they are highly encouraged to purchase AEI's health insurance. If they choose not to have insurance, students must sign a Health Insurance Waiver.

AEI's Health Insurance is \$175 per 4-week session. Students may have to pay a small deductible to visit a doctor. However, this fee is very low compared to the cost of the actual visit. In the event of an emergency, health care costs can quickly be \$5000 and up for a single visit to the emergency room.

Urgent Care

An urgent care clinic provides medical services to treat an illness or accident which is not life threatening but cannot wait for a scheduled appointment during regular doctor's office hours. Services are available during regular office hours, in the evening, and on weekends. Both the Riverside Community Hospital and the Riverside County Regional Medical Center have an Urgent Care Clinic on site. Some insurance companies (for example, Health Net or Kaiser) may designate certain medical facilities for non-emergency treatment. Be sure to verify any restrictions on your coverage and payment for medical services.

LOCAL MEDICAL FACILITIES

SAFETY

For EMERGENCIES:

Call 911

POLICE, FIRE DEPARTMENT, AMBULANCE

For Non Emergencies

Call: Riverside Police Department (951) 826-5700

IMPORTANT SAFETY TIPS YOU MUST FOLLOWS:

1. Always lock your home and car door.
2. If someone knocks on the door at home, ask, "Who is it?" Do not open the door unless you know who is knocking.
3. Do NOT leave anything valuable in the car in sight...put backpacks, cell phones, etc. in the trunk if you must leave the car or take with you.
4. Pay attention to your surroundings. Look at who and what is around you.
5. Walk in pairs when possible and not alone.
6. Don't talk on the cell phone or listen to music with headphones while walking.
7. Don't leave electronic devices or your purse unattended in the classroom or anywhere.
8. Look at people as you're walking. Don't look down.
9. If attacked, FIGHT BACK!

Install Strong Door and Window Locks

Apply the following recommendations ONLY with the approval of your landlord. Some of the recommendations may not be feasible for your particular circumstance.

- Install deadbolt locks on all outside doors. The bolt should extend at least one inch when in the locked position.
- Install auxiliary patio door locks to secure sliding glass doors. You may also use a snug-fitting piece of wood in the tracks for added protection.
- Secure your garage and tool shed. Burglars can enter your home through an attached garage, or they can use your tools to break in.
- Use your locks. Make sure all doors and windows are secure when you leave your house.

Teach Your Children Safety Tips Teach your children:

- How to call the police.
- Not to talk to strangers or accept rides from them.
- Not to play alone or in deserted places.
- Make sure your children carry some form of identification.
- Make sure your children fully understand the consequences of getting caught shoplifting or taking drugs.

While at Home

When the doorbell rings:

- Inspect who is at the door through the "peep-hole."
- Ask the visitor to identify himself.
- Make sure the safety chain is attached before opening.

- Before talking to salesmen or repairmen, ask to see their credentials.
- If a stranger asks to use your phone, do not permit him/her to enter. Offer to make the call for him/her.
- Keep your valuables locked in a safe and concealed place. Remove wallets from pants left near the bedside.

If a burglar gains entrance to your home:

- Do not try to capture him.
- Lie still if you are in bed, or if you prefer, make some small noise to let him know you are awake. The burglar's main interest is most likely to escape.

Neighborhood Safety Tips

- When you see a suspicious person in your neighborhood, call the police to check him/her out. While waiting for the police to arrive, obtain the license number of his/her vehicle and a full description.
- When you witness a crime or traffic accident, call it in right away. Do not depend on others to call.

By taking a few simple precautions, you can reduce the risk to yourself, and also discourage those who commit crimes.

Earthquake Safety and Preparation

Southern California is an active earthquake zone. Earthquakes strike suddenly, violently and without warning; however, identifying potential hazards and preparation before an emergency can reduce the dangers of serious injury to you and your family.

What to Remember During an Earthquake:

If indoors:

- Take cover under a piece of heavy furniture or against an inside wall and hold on.
- Stay inside.
- The most dangerous thing to do during the shaking of an earthquake is to try to leave the building because objects can fall on you.

If outdoors:

- Move into the open, away from buildings, streetlights, and utility wires.
- Once in the open, stay there until the shaking stops. If in a moving vehicle:
- Stop quickly and stay in the vehicle.
- Move to a clear area away from buildings, trees, overpasses, or utility wires.
- Once the shaking has stopped, proceed with caution. Avoid bridges or ramps that might have been damaged by the quake.

After an Earthquake:

1. Be prepared for aftershocks
 - a. Although smaller than the main shock, aftershocks cause additional damage and may bring weakened structures down.
 - b. Aftershocks can occur in the first hours, days, weeks, or even months after the quake.
2. Help injured or trapped persons
 - a. Give first aid where appropriate.
 - b. Do not move seriously injured persons unless they are in immediate danger of further injury.
 - c. Call for help.
3. Listen to a battery-operated radio or television for the latest emergency information.

4. Help your neighbors who may require special assistance (infants, the elderly, individuals with disabilities)
5. Stay out of damaged buildings. Return home only when authorities say it is safe.
6. Clean up spilled medicines, bleaches or gasoline or other flammable liquids immediately. Leave the area if you smell gas or fumes from other chemicals.
7. Open closet and cupboard doors cautiously.
8. Inspect the entire length of chimneys carefully for damage. Unnoticed damage could lead to a fire.
9. General Safety in the Community

If you experience an earthquake, DON'T PANIC! Take cover and wait for shaking to stop.

BUREAU FOR PRIVATE POSTSECONDARY EDUCATION (BPPE)

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution,

prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition. You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 N. Market Blvd. #225, Sacramento, CA 95834, (916) 574-8900 or (888) 370-7589, or internet www.bppe.ca.gov.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four

(4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.”

Amount of STRF Assessment: Beginning January 1, 2015, institutions are refrained from collecting STRF. **STRF Assessment Fee**

The Student Tuition Recovery Fund (STRF) fee collected by the institution is payable to the BPPE and is nonrefundable to the student.
