"Safari" is an African word that means "journey."

A journey that we wish to share around these wonderful islands in the Andaman Sea, off the coast of Thailand, accompanied by Ale & Lollo and supported by leaders in the diving and hospitality industries.

When designing this safari, we focused on quality over quantity, staying true to our Diveverse philosophy. This vacation is yours, and it must be unforgettable — and of course, we will do everything we can to make it so. The safaris will be personally followed up by us, because we know how important it is to feel comfortable so that nothing gets lost along the way.

We are fully committed to delivering days of absolute quality for your complete satisfaction.

This package includes bed & breakfast only for the resort stay, since in Thailand the variety and quality of both local and international cuisine is simply amazing and very affordable. That's why we chose not to include a full-board plan at the hotel. For the liveaboard portion, however, everything is included.

Flights must be purchased individually; of course, we will be happy to help advise you in order to coordinate small departure groups if you wish.

WHY choose the Similan?

The Similan Islands offer unforgettable encounters with graceful manta rays, large schools of trevallies and barracudas, sea turtles, and — with a bit of luck — even the majestic whale shark. Dives among dramatic pinnacles and colorful reefs, with that dreamlike turquoise sea, will make this an experience you'll remember forever.

But it's not just about diving: during the liveaboard, you'll also have the chance to visit white-sand beaches, explore the islands on foot, or simply snorkel in pristine bays — making this adventure perfect

for non-diving companions or anyone who wants to mix diving with pure relaxation.

Our trip perfectly combines land and sea for an unforgettable 9-night (10-day) holiday:

- ✓ 5 nights in a beachfront resort for complete relaxation
- ✓ 4 nights and 4 days on a liveaboard dedicated to diving, with a package of 14 guided dives
- ✓ opportunities for island excursions and snorkeling
- ✓ Ale & Lollo accompanying you to share the magic of the Similan Islands

Dates: 30 March – 8 April 2026

FAQ – SIMILAN ESCAPE WITH ALE & LOLLO

→ Is there a minimum certification level required?

Yes, you'll need at least an Advanced Open Water certification with a reasonable amount of experience (around 30 dives recommended), especially to handle the Similan currents and the more challenging sites. Of course, you can also take specialty courses on site (nitrox, Deep)

→ Can I join even if I don't want to dive?

Absolutely! This program is perfect for non-diving companions too: you can enjoy snorkeling, island walks, or simply relax on board and at the resort.

→ How is accommodation on board arranged?

The standard accommodation is in twin bunk-bed cabins. Some cabins have private ensuite bathrooms, while others share communal facilities on the boat. We recommend confirming your preferred cabin type as soon as possible to secure availability.

→ Is Nitrox diving available?

Yes, we included the Nitrox 32 in our package, but you have to be certified for it

→ What if I need dive equipment?

Full equipment rental is available for 3200 THB per trip (BCD, regulator, mask, fins, shorty wetsuit, torch),

→ Are marine park fees included?

No, these are payable on site and are approximately 2,500 THB per diver for the 5D4N package (1500 for non diver but subject at update from Governmental office).

→ How many dives will I do?

The program includes 14 guided dives in total during the liveaboard, managed in small groups of 4-5 divers per guide (11 daily, 2 nights, 1 sunset).

→ What water temperatures can I expect?

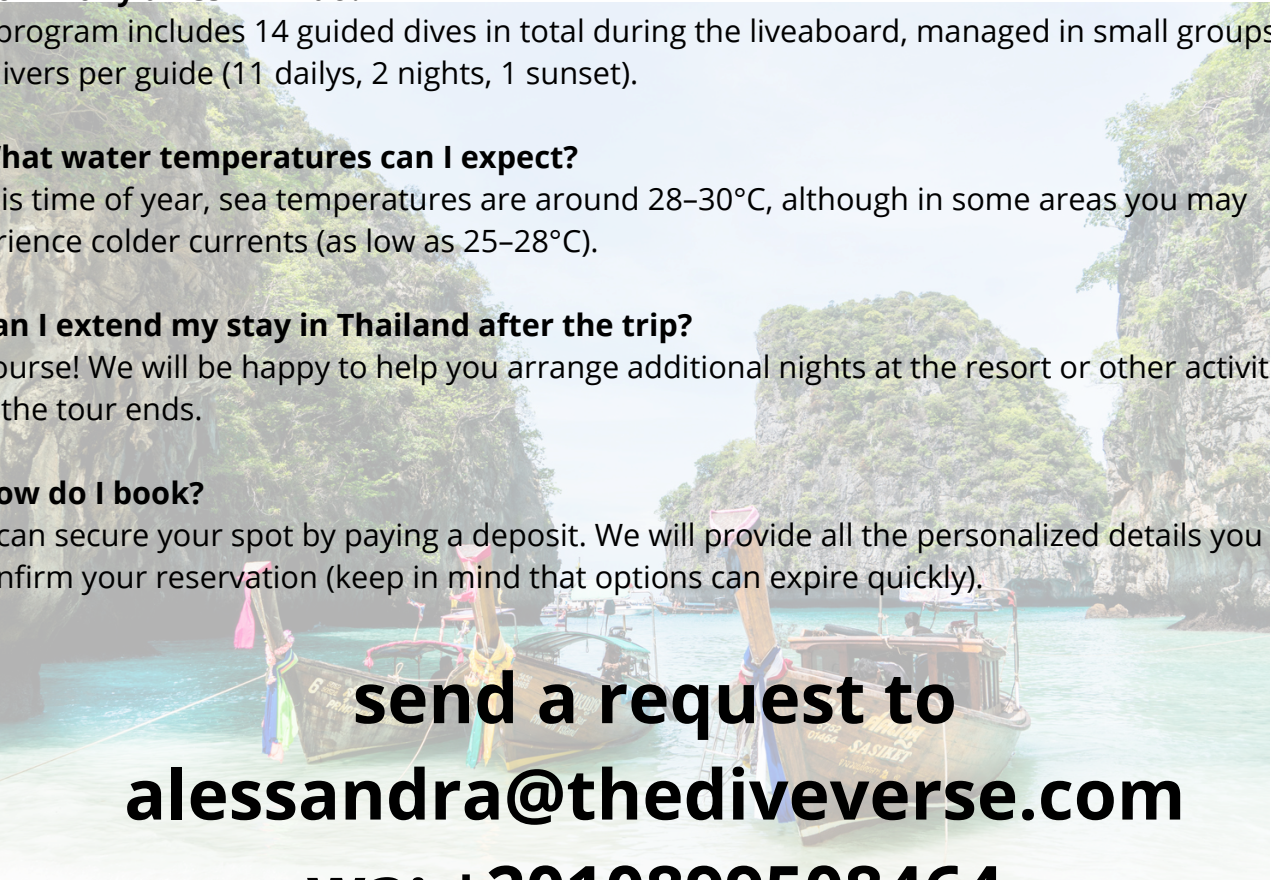

At this time of year, sea temperatures are around 28-30°C, although in some areas you may experience colder currents (as low as 25-28°C).

→ Can I extend my stay in Thailand after the trip?

Of course! We will be happy to help you arrange additional nights at the resort or other activities after the tour ends.

→ How do I book?

You can secure your spot by paying a deposit. We will provide all the personalized details you need to confirm your reservation (keep in mind that options can expire quickly).
