MASKS still Required for a Little Longer!
 Our board has voted to continue our indoor mask requirement until the Governor fully opens WA State on June 30th (sooner if we reach herd immunity of 70%) It is felt this is prudent since

LEO'S CAFÉ is now open for dining.
 Grab breakfast or lunch on your way to your favorite activity, or **any time!** Open M-F 9a-2p

We Welcome our Returning Members!
 We sent a letter out recently saying "We Miss You" and got a great response! Thanks for your support and teaming up with us in 2021, our 50th year, as we help provide Friendship, Recreation and Education!
 Let's all say "hi" when we see each other "live and in person" once again here at Shipley Center!

Learn about FREE Advance Care Planning:

Of all the conversations you choose to have with loved ones, how you want to spend your last days is probably not at the top of the list. *But it's an important one!*

What if a sudden illness or injury left you unable to make your own medical decisions? Who will make decisions on your behalf? Please consider attending one of our free informational group sessions to start your advance care planning process.

Please register and join us on: JUNE 8 at 1:30pm

Advance care planning focuses on making decisions about the care you would want, if you were unable to speak for yourself. It's about the people who care about you and your medical team respecting and honoring your wishes based on your values, goals and preferences, especially if you were in a sudden accident or had an unexpected emergency.

Join Olympic Medical Center team members at our FREE monthly meetings as they help you navigate this important information. You may want to bring a person close to you that could be your Health Care Agent (someone who can make choices for you).

Meetings are held the 2nd Tuesday of every month at 1:30 beginning June 8 in the front room. Class size limited to 12 people. To register call Sandy at **360-941-3577**.
