Who we are

LOCAL SWITCH is a ZIMRA-accredited freight-forwarding and logistics company dedicated to providing end-to-end cargo handling services to businesses across Zimbabwe and beyond for their import and export management services.

LOCAL SWITCH combines years of experience, a systematic approach to service delivery, and a genuine passion for serving people to deliver a truly pleasant customer experience at every interaction.

Our promise is simple – we get it done, on time, every time.

Efficient, reliable and cost-effective logistics solutions for effective supply chain management

What we Do

With a focus on seamless import and export processes, we aim to simplify international trade for our clients and ensure timely delivery of goods across borders. LOCAL SWITCH leverages technology to manage all projects, with the ability to track each job through the execution journey to give customers real-time status updates for peace of mind.

Freight forwarding

Comprehensive freight forwarding services for air, sea, and land shipments, all designed to meet specific client requirements.

Customs Clearance

Expert handling of customs clearance, ensuring compliance with all regulatory requirements. Smooth processing of documentation.

Warehousing

Secure storage facilities anywhere in Zimbabwe, inventory management and timely distribution to final destinations.

Transport

Cross-border transport solutions, covering booking and coordination to ensure quick and efficient delivery of goods.

Who We Serve

Geographical presence

LOCAL SWITCH serves customers throughout Zimbabwe and within the SADC region, with operational presence at all key border posts around Zimbabwe.

Our teams can attend to customers in Harare and its surroundings, Bulawayo, Gweru, Mutare, etc.

LOCAL SWITCH has execution capacity at Harare International Airport, Beitbridge Border Post, Plumtree Border Post, Chirundu Border Post and Forbes Border Post.

LOCAL SWITCH maintains physical offices in Harare and Beitbridge, with the ability to undertake critical aspects of client assignments in South Africa.

We are a proudly Zimbabwean company that cares about local sustainable development. Our roots are anchored in the mountains, valleys and rivers of Zimbabwe.

Why Us

OUR VALUES

Teamwork

Teamwork is paramount to our success. We carefully listen to our customers; explain in detail the steps we will be taking to solve their problems and work together to exceed all expectations. We apply to its full extent the old African proverb that says, "if you want to go fast, go alone and if you want to go far, go together".

Responsiveness

We listen and communicate effectively with our clients and stakeholders. Responding with speed is the cornerstone of our business. With our clients doing international transactions with forex fluctuations, speed in execution is the way to do otherwise money could be lost.

Integrity

We work with honesty and integrity in all our endeavours. As a company in our field, we could not survive without integrity and honesty. We frequently deal with clients whom we do not meet physically and this through recommendation. This could not have been possible if our reputation was not on point.
