

FOAMY

ALKALINE COIL CLEANER

- **HIGH FOAMING ACTION**
- * **CLINGS TO COILS**
- **REMOVES SCALE & CORROSION**
- **VERY STRONG * NONFLAMMABLE**

737 FOAMY is a powerful **ALKALINE** coil cleaner and degreaser. In many cases water condensation will rinse away residues and soils after product is used. A balanced blend of corrosion preventatives, penetrating agents and surfactants. Removes scale & hard water deposits, rust & corrosion, grease & grime. Very strong. Biodegradable. Will remove oxidation from soft metals. Works well on both coils and condensers.

WHERE:

hotels * offices * industry * airports * schools *
restaurants * hospitals * contractors

FOR:

boilers * compressors * refrigeration units * air
conditioning units * heating & cooling coils

INSTRUCTIONS

FOR ALL COILS: Dilute 1 part of product with up to 1 part water. Apply solution with either brush or spray and agitate with brush if necessary. Rinse with water if using on aluminum fins or coils. Water condensation will rinse off residue on other metals. For heavy build ups, product may have to be used undiluted. Product must be completely rinsed from soft metals.

SPECIFICATIONS:

Boiling Range: 215+

Color: Yellow

Detergency: Excellent

Evaporation Rate: <1

Flash Point: N/A

Foam Stability: Excellent

Fragrance: None

Freeze/Thaw: 3 Cycles

Hard Water Tolerance: Excellent

pH: 13.5+

Rinseability: Excellent

Shelf Life: One Year +

Soap Content: None

Solids: 16%

Solubility: 100%

Specific Gravity: 1.12

Vapor Density: >1

Vapor Pressure: 20

Viscosity: 10 cts

%Volatile: 84

For Industrial Use Only
