

# **PHOS PHO 9**

## **RUST REMOVER & PHOSPHOTIZER**

- **REMOVES rust, oxides & scale**
- **Protects metals from further corrosion**
- **Effective prepaint treatment**
- **Concentrated \* economical \* safe**

**PHOS-PHO 713** is a powerful rust remover and phosphotizer. Removes grease, dirt, rust and scale while leaving a protective phosphate film ready for painting. Works by converting rust (iron oxide) to iron phosphate which resists re-rusting for up to 1 month. Quickly penetrates into crevices and metal pores due to special wetting agents so that all rust & corrosion is reached. Paint adheres to surfaces so treated. Easy to use - spray on allow to dry!

### **WHERE:**

oil field \* automotive \* contractors \* freight  
companies \* construction \* boat dealers \* machine  
shops \* rental services

### **FOR:**

machinery \* equipment \* pipes \* pumps \* tools \*  
metal parts \* water meters \* buildings & bridges

Remove loose rust & dirt by brushing. Liberally apply product to all surfaces by brush, swab or spray. Allow 15 minutes or longer until all rust has turned black. Wipe off excess and allow to air dry completely before painting. Process may need to be repeated for heavy rust. Metal parts may be immersed in product and removed to air dry. Product may be diluted with an equal part of water for light rust and economy.

### **SPECIFICATIONS:**

**Boiling Range:** 216+

**Color:** Clear

**Detergency:** Excellent

**Evaporation Rate:** <1

**Flash Point:** N/A

**Foam Stability:** Excellent

**Fragrance:** N/A

**Freeze/Thaw:** 3 Cycles

**Hard Water Tolerance:** Excellent

**pH:** 1.1

**Rinseability:** Excellent

**Shelf Life:** One Year +

**Soap Content:** None

**Solids:** 30%

**Solubility:** 100%

**Specific Gravity:** 1.15

**Vapor Density:** >1

**Vapor Pressure:** 20

**Viscosity:** 10 cts

**%Volatile:** 70

**For Industrial Use Only**
