

## Capability Statement: E-Choice Solutions, LLC

E-Choice Solutions, LLC is a technology consulting firm headquartered in Frisco, Texas. Since its founding in 2018, the organization has delivered technical consulting, digital modernization strategy, and AI-enabled solutions to government, educational institutions, and commercial clients. E-Choice Solutions aligns technology design with organizational goals to transform traditional processes into intelligent, scalable systems.

### Core Competencies

**Artificial Intelligence Auditing:** Review existing business processes and data environments to determine where AI is currently used or being considered.

**AI-Enhanced Web & Application Development:** Build modern digital products (websites, enterprise applications) with embedded AI functionality (e.g., chatbots, agents).

**AI in Education and Learning Technology:** Design AI-driven instructional systems, adaptive learning models, and microlearning content. Support inclusive learning pathways and data-informed instructional design.

**AI & IT Staffing and Talent Solutions:** Source and augment teams with qualified professionals, including AI engineers, data specialists, instructional technologists, and developers.

**Small Business AI Solutions and Digital Transformation:** Guide small businesses through guided AI tool adoption to accelerate ideation and launch phases.

**SharePoint and Collaboration Platform Development:** Design, develop, and optimize SharePoint environments that streamline document management and collaboration. Implement integration with Microsoft 365, Teams, and automated workflows using Power Platform tools.
