hunter140@verizon.net

We now use a new and improved safe alternative using Essentria organic insect control!
We offer pest free, organic and pesticide protection against these disease carrying insects!

Fleas: Coastal Care controls these insect all season long on your pets!

Mosquitos: We can protect your family and pets from these stinging insects!

Ticks: We provide season long protection from Lyme disease carrying deer ticks
and all other ticks that can harm kids pets and adults.

If you are interested in a free estimate call today or email us and we can be there that day or the
or the next day to solve your insect problem.

We use advanced mapping technology to measure and price your property call today !

“Your flea/tick programs keeps our pets protected all summer long”

Linda Dliveis Pawtucket RI

“We love the flea/tick and mosquito control at our home and animal hospital.”

Dr. Micheal Bruzzi

Dighton Rehoboth Animal Hospital

“We have not had 1 Mosquito sting in 3 years and the animal do not have any fleas or ticks”

Mrs. Zuckerberg Rehoboth Mass.
