

Emergency Preparedness and OSHA Training Services

Stay safe with our expert advisory services for emergency preparedness and OSHA training.

Services

- Advisory services for Disaster and Emergency Preparedness programs.
- Remote-certified training support for CPR, First Aid, AED, and asbestos awareness.
- AI-assisted rapid response planning and strategic guidance for crisis mitigation.
- Development of customized OSHA-compliant programs, encompassing confined space safety, hot work procedures, electrical safety, fall protection, lockout/tagout (LOTO), personal protective equipment (PPE) management, machine guarding, respirator fit testing, and more.

We manage reporting and record keeping even further with implementation of digital safety solutions that are lightweight and built as an out of the box application.

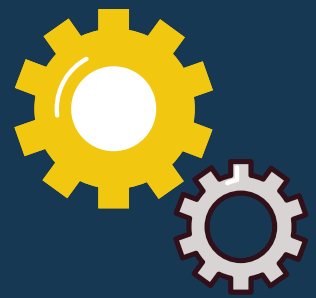

Environmental and Industrial Hygiene

Promote a healthier workplace with our industrial hygiene and environmental risk management solutions. Our expert services include emergency preparedness and OSHA training, integrating safety measures to protect both your team and the environment.

Overview

- Industrial Hygiene and Environmental Consulting:
 - Deliver expert advice for creating industrial hygiene and ergonomic programs that boost worker safety and productivity.
 - Implement autonomous Job Safety Analysis (JSA), Job Hazard Analysis (JHA), and Standard Operating Procedures (SOPs) for smooth integration into your operations.
 - Provide consulting services from NHDES Certified Hazardous Waste Coordinators.

Offer strategic insights on air reporting compliance, NPDES, MSGP, hazardous waste permitting, drinking water management, and site remediation.
