Items which **PREVENT** us from preparing **YOUR** order and will **DELAY** delivery:

- We haven't received the signed truss contract, approved profiles and special conditions
- We haven't received any or the most up-to-date plans
- Instructions given to 'Hold' your order
- Changes to design once contract is signed

The undersigned certifies that the above information is correct. Once approval is received by Tarpin Lumber and Truss, all trusses will be produced. If framing does not proceed, trusses will be invoiced after six (6) months past original delivery date.

Note: Incomplete or unclear information will prevent Tarpin Lumber from completing the truss design and will result in delays to deliveries.
