

Multi-Site Mission Support & Workforce Systems Operator

Federal execution partner delivering disciplined program management, structured workforce systems, and compliance-driven multi-location operations across regulated public-sector environments.

CORE DIFFERENTIATORS

Multi-Site Execution Discipline | Centralized Governance Controls | CMMC Level-1 Cybersecurity Implementation | Army SFL-TAP Experience | Compliance-Driven Performance Accountability

FEDERAL EXECUTION – U.S. ARMY SFL-TAP

Sustained multi-site execution of Soldier for Life – Transition Assistance Program operations including instructional oversight, transition readiness programming, employment preparation services, compliance tracking, performance monitoring, and geographically dispersed site coordination.

PROGRAM GOVERNANCE & EXECUTION CONTROL

Centralized oversight supported by standardized reporting systems, QA/QC frameworks, corrective action protocols, risk mitigation controls, and disciplined documentation ensuring regulatory alignment and operational continuity.

WORKFORCE SYSTEMS & PUBLIC-SECTOR SUPPORT

Structured workforce initiatives supporting federal, state, and local objectives including institutional partnerships, compliance-based training oversight, career pathway alignment, and participant performance evaluation.

CYBERSECURITY & CMMC LEVEL 1 COMPLIANCE

CMMC Level 1 cybersecurity controls are embedded within operational systems to protect Federal Contract Information (FCI) and ensure disciplined enterprise information governance.

EDUCATIONAL SUPPORT & INSTRUCTIONAL LEADERSHIP

Educational support services and Center for Instructional Leadership (CIL) training for K–12 institutions designed to improve measurable student achievement through data-driven, evidence-based instructional frameworks, embedded teacher coaching, and structured leadership capacity development.

PAST PERFORMANCE

Demonstrated multi-site performance supporting U.S. Army SFL-TAP operations within structured federal contract environments requiring regulatory compliance, performance metric accountability, and disciplined program governance.
