NOTICE OF WITHHOLDING

The distributions you receive from your individual retirement account established at this institution are subject to Federal income tax withholding unless you elect not to have withholding apply. You may elect not to have withholding apply to your distribution payments by completing the "Tax Withholding Election" section on page 3 of this form. If you do not complete the "Tax Withholding Election" section by the date your distribution is scheduled to begin, Federal income tax will be withheld from the amount withdrawn at a rate of 10%. If you elect not to have withholding apply to your distribution payments, or if you do not have enough Federal income tax withheld from your distribution, you may be responsible for payment of estimated tax. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient.

ROTH IRA DISTRIBUTION REQUEST

REPORTING INFORMATION APPLICABLE TO ROTH IRA WITHDRAWALS

You must supply all requested information for the withdrawal so the trustee or custodian can properly report the withdrawal.

If you have any questions regarding a withdrawal, please consult a competent tax professional or refer to IRS Publication 590-B, *Distributions from Individual Retirement Arrangements (IRAs)*, for more information. This publication is available on the IRS website at www.irs.gov or by calling 1-800-TAX-FORM.

WITHDRAWAL INFORMATION

Roth IRA assets can be withdrawn at any time. Most Roth IRA withdrawals are reported to the IRS. IRS rules specify the distribution code that must be used to report each withdrawal on IRS Form 1099-R, *Distributions From Pensions, Annuities, Retirement or Profit-Sharing Plans, IRAs, Insurance Contracts, etc.*

Five-Year Period. You have satisfied the five-year period for determining qualified withdrawals on January 1 of the fifth year following the year for which you made your first Roth IRA contribution, conversion, or rollover from an eligible employer-sponsored retirement plan.

Qualified Withdrawal. A qualified withdrawal is one where you have satisfied the five-year waiting period and the withdrawal is due to being age 59½ or older, death, or disability. Qualified withdrawals are reported on Form 1099-R using code Q.

WITHDRAWAL REASON

Transfer to Another Roth IRA. Transfers are not reported on Form 1099-R. Transfers may be made by a Roth IRA owner, beneficiary, or former spouse under a transfer due to a divorce. Inherited IRA assets may only be transferred to another inherited IRA, unless you are a spouse beneficiary.

Age 59½ or Older. If you are age 59½ or older, withdrawals are reported on Form 1099-R using code T, unless they are qualified withdrawals.

Under Age 59½. If you are under age 59½, withdrawals for any reason not listed above are reported on Form 1099-R using code J.

- **Disability.** If you are under age 59½ and disabled, withdrawals are reported on Form 1099-R using code T, unless they are qualified withdrawals.
- **IRS Levy or Substantially Equal Periodic Payments.** If you are under age 59½, withdrawals due to IRS levy or substantially equal periodic payments are reported on Form 1099-R using code 2.

Death Withdrawal by a Beneficiary. Withdrawals by beneficiaries following the death of the original Roth IRA owner are reported on Form 1099-R using code T, unless they are qualified withdrawals.

Prohibited Transaction. Prohibited transactions as defined in Internal Revenue Code Section 4975(c) are reported on Form 1099-R using code 5.

Excess Contribution Removed Before the Excess Removal Deadline. Excess contributions removed before the excess removal deadline (your tax filing deadline, including extensions) must include the net income attributable to the excess.

- If your excess contribution was contributed and removed in the same year, before the excess removal deadline, the withdrawal is reported on Form 1099-R using codes 8 and J.
- If your excess contribution was contributed in one year and removed in the next year, before the excess removal deadline, the withdrawal is reported on Form 1099-R using codes P and J.

Excess Contribution Removed After the Excess Removal Deadline. If your excess contribution is removed after the excess removal deadline, the withdrawal is reported on Form 1099-R using code J if you are under age 59½, code T if you are age 59½ or older, or code Q if the distribution is a qualified withdrawal.

Recharacterization. A Roth IRA contribution including the net income attributable may be recharacterized as a Traditional IRA contribution up until your tax filing deadline, including extensions. Recharacterizations also may be used to reverse Traditional IRA or SIMPLE IRA conversions to Roth IRAs.

- Recharacterizations that occur in the same year for which the contribution was made are reported on Form 1099-R using code N.
- Recharacterizations that occur after the year for which the contribution was made are reported on Form 1099-R using code R.

Revocations. Revocations of regular contributions, conversions, rollovers, or transfers are reported on Form 1099-R using code J. A revocation of a regular contribution with earnings if you are under age 59½ is reported on Form 1099-R using codes J and 8.
