

ACCREDITATION

The CME portion of this activity is jointly provided by SynAptiv and the Peter Sheehan Diabetes Care Foundation (PSDCF).

EDUCATIONAL OBJECTIVES

After completing this activity, the participant should be able to:

- Examine clinical evidence that influences the understanding and standards of wound care
- Recognize factors that affect wound healing progress and outcomes
- Practice evidence-based medicine in making decisions on a course of therapy
- Identify clinical scenarios in which emerging wound treatment modalities would be appropriately applied.

PHYSICIAN ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of SynAptiv and Peter Sheehan Diabetes Care Foundation (PSDCF).

SynAptiv designates this activity for a maximum of 8.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

NURSING ACCREDITATION STATEMENT

SynAptiv is an approved provider of continuing nursing education by the California Board of Registered Nursing. Provider approved by California Board of Registered Nursing, Provider #16031 for 8.0 contact hours.

DISCLOSURE STATEMENT

SynAptiv ensures balance, independence, objectivity, and scientific rigor in all our educational activities. In accordance with this policy, SynAptiv identifies conflicts of interest with instructors, planners, content managers, and other individuals who are in a position to control the content of the activity.

To claim credit, participants will be required to have completed a pre-test evaluation, the online activity, and a post-test assessment.

DISCLAIMER STATEMENT

The content, views and opinions presented in this educational activity are those of the faculty/authors and do not necessarily reflect those of PSDCF, SynAptiv, and its sponsors and grantors. The faculty/authors have disclosed if there is any discussion of published and/or investigational uses of agents that are not indicated by the FDA in their presentations. Before prescribing any medicine, primary references and full prescribing information should be consulted. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications on dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities. The information presented in this activity is not meant to serve as a guideline for patient management.

OBTAINING CE CERTIFICATE

Information on how to retrieve CE credits will be given to attendees at the conference.
