JOIN US FOR

Season 98 new perspectives

We hope you join us for Maestro Nick Palmer's final season as Music Director and Conductor. This landmark season celebrates his legacy and history with the ASO, highlighted at our Canal Basin, Holiday, and Pops concerts.

Throughout the rest of the season, we'll explore "New Perspectives" as four guest conductor candidates each take the podium—ready to share their unique artistry and vision for the future of the ASO, as we look ahead to our 100th year of music. It promises to be a season filled with memories, meaningful moments, and a few surprises along the way!
